

Sintotermico Camen Association and International Institute for Restorative Reproductive Medicine

**Dipartimento di
Neuroscienze e Scienze
Riproduttive ed
Odontostomatologiche**

In collaboration with the
University of Naples "Federico II"

They organize

International meeting on Restorative Reproductive Medicine

Presentation of the Conference

We propose the conference program "International meeting on Restorative Reproductive Medicine" to give Medical Doctors and Midwives the opportunity to learn about RRM (Reproductive Restorative Medicine).

This approach aims to give the medical and healthcare profession a glimpse of the possibilities offered by medicine that respects the integrity of the person, which increases, improves and integrates what accurate diagnostics highlight as altered or malfunctioning.

The conference was drawn up in collaboration with the IIRRM (International Institute for Restorative Reproductive Medicine) and the University of Naples "Federico II", so as to offer the guarantee of a high scientific and experiential profile.

Conference venue:
Milano (Italy), Saturday 13 April 2024
Auditorium Giovanni Paolo II
Piazza S. Maria Nascente, 2 – Milano (Metro MM1 QT8)
